Product Description The XDi200 system represents the ultimate in ignition performance, reliability and control. Designed to interface with Electromotive WinTEC4 software platform, the XDi200 system provides all the flexibility and tune-ability found in our engine management systems and packages it as a dedicated, stand-alone ignition system.

Top End Performance - XDI - Electromotive - Electronics ...

What separates Electromotive's sophisticated Engine Control from those of other manufacturers, is its patented, industry leading Direct Fire Ignition system. With both the stand-alone "eXtreme Direct ignition" or XDi systems and the "Total Engine Control" aka TEC systems, Electromotive utilizes a 58-tooth crank trigger wheel.
