Fire engine red is an informal name for an intense, bright red commonly used on emergency vehicles in some English-speaking countries on fire service vehicles. There is no unique shade, although different fire services may have a required specification. The color has long been used, although not by all fire vehicles.

Fire engine red - Wikipedia

Due to the need for firefighting apparatus to be highly visible, they are, similar to other emergency vehicles, painted in conspicuous colors, such as white, yellow, orange, or, most frequently and famously, fire engine red. While red remains the most common color for firefighting apparatus, it is not required and depends highly on individual needs, traditions, and safety research.
