Re: Engine Number location Thread started in 2006, but no one has come up with a definitive answer to the question. A few days ago, I read that the engine N° is located between the gearbox and cylinder head on the 8 valve 1.4 and 1'6.

Technical: Engine Number location - The FIAT Forum

FIAT PUNTO OIL grade or MAP sensor Hello. quite a while back i asked about engine starting failure where it starts n stops right away. I got advised it was MAP sensor.I took negative terminal of which i kno just resets the ecu except it did seem to fix the problem for about a week starting up everytime but recently has gone back to a start n then stop n then start second time round.
