The solo Tele pickup with the fat sound was the only one that felt processed, so I kept it at the clean setting and instead used an overdrive pedal for heft. The player who ends up favoring the Fender Acoustasonic Telecaster is anybody's guess, but it's likely to be a musician who places a priority on functional, accessible tools.

At least that's what Fender seems to be saying with their new Fender Acoustasonic Telecaster. Only in this case, Fender is literally joining the two ideas together. The Acoustasonic combines several acoustic and electric traits, with the intent of delivering convincing acoustic and electric tones that you can use either individually or together.
