Fiat Spider Engine Identification

North American Model Identification. Here is a collection of charts that should help you identify specific Fiat models imported for sale in North America. This can be especially helpful when ordering certain upgrade or replacement parts, or when trying to determine the worth of a particular car that may be available for sale or salvage.

North American Model Identification - The Fiat Page

The only markings on the block are cast into it on the intake side of the motor, over the motor mount: I see Fiat 138-AR1 and Lancia 4466158. The only reference i can find for this says it belongs in a Strada 125TC? The head has a casting number 4371507, can't see any other identification, which seems to say it's off a late fuel injected Spider.
