just bought a 2011 f150 xlt with the off road package a week ago and i noticed that when coming to a stop from about 10 to 0 and leaving from a stop from about 0 to 10 the rear shutters/shakes. its go the 3.73 limited slip rear end in it. just wondering if there are any service bulletins for it or what.

2011 f150 rear end shutter - Ford F150 Forum

There's no question, the easiest way to identify the axle and gear ratio in your truck is from the door sticker. If you open the drivers door and look at the door jamb, you'll see a sticker like the one shown below: You'll see that the area labeled (F) is for the Axle Code.

Identify Your Ford Truck Axle From The Door Sticker - Blue ...

The Ford F-150 makes tough tasks look easy, whether it's working on the job or heading out on a weekend of recreation. F-150 outperforms every other truck in its class when hauling cargo in the bed or towing a trailer.* No wonder the competition is always in a scramble to follow the leader.

I own a 97 2wd Ford F150. There is a clunk noise when the transmission down shifts, when it is put in reverse, and when it up shifts (when there is a light load; usually from second to third). I just changed the rear end fluid and it is still making this noise. A mechanic at my work said that there is a hole in the top of the differential and if I have backed a boat into the water chances are ...
