Economy car is a term mostly used in the United States for cars designed for low-cost purchase and operation. Typical economy cars are small (compact or subcompact), lightweight, and inexpensive to buy. Economy car designers are forced by stringent design constraints to be inventive. Many innovations in automobile design were originally developed for economy cars, such as the Ford Model T and ...

History is repeating itself in many ways. This is exactly how Toyota chose to show the Lexus LFA to the world; first, as a thinly veiled concept/race car, then as the final production car a short time after. And that's exactly how the new generation Supra is being shown to us today, revealed only ...
