Financial Planning Case Studies Solutions

George Kinder's approach to life planning is based on the premise that advisers should first discover a client's most essential goals in life before formulating a financial plan, so a client's finances fully support those goals. We call it life planning because what's really important isn't the client's money, but their life.

Case Studies and Results - Bustamante Financial Planning

Before the Marcottes begin an investment plan, their personal financial affairs should be in good shape. Several factors they should consider to perform a financial checkup before making their first investment, which is to work to balance their budget, obtain adequate insurance protection, start an emergency fund, and have access to other sources of cash for emergency needs (Hughes, 2004).
